

Marshfield Energy Conservation and Climate Change Committee

March 6, 2017

19:20 called to order 19:50 meeting adjourned

Present: Becky, Dan, Joel, John, Wes

John Morris facilitating

Approved minutes from February

Discussed town meeting display. Rich Phillips will bring additional material. We'll need two tables: one in the meeting room for the main display and one in the hallway for the energy survey because surveys are prohibited from the meeting room.

Sun Common asked Dan for permission to present what they are doing these days at our next meeting. There was some discussion about the fairness of this to other solar installers, but the group felt that we are not promising to take any action based on the presentation and that any other solar installer is welcome to speak to the committee. Sun Common's request is approved for April 3. Dan will pass this back to the Sun Common representative.

Next meeting agenda proposal:

- Select a facilitator
- Public comment
- Announcements
- Agenda modification
- Approval of previous minutes
- Business
 - Sun Common presentation
 - Town meeting feedback
 - Update on Act 174 work
 - Plainfield updates
- Agreement on minutes
- Draft agenda for next meeting
- Set next meeting
